SYS Boatyard is situated within the luxurious Marina di Scarlino, a stunning Marina Resort that boasts a variety of exceptional amenities, starting from state of the art apartments available for rental, bars & restaurants, a fuel dock, laundry services, a well-stocked supermarket, and easy access to picturesque beaches and scenic sunset-view promenade.

## REFIT

Before commencing a refit project, SYS Boatyard will hold an initial meeting with all stakeholders, typically the owner or their representative, to outline the project scope, requirements, and plans, resulting in a tailored project analysis.

## REPAIR

Our team possesses a diverse range of technical skills, enabling us to handle any type of repair efficiently with our in-house staff. We strive to accommodate your schedule for resolving any onboard repairs or damages. Our services include rig and mast work, fiberglass repairs, major collision restorations, keel repairs, rudder services, and even addressing minor engine leaks. We are experienced in handling damage claims and yacht insurance matters.

## MAINTENANCE

Implementing a comprehensive maintenance program can prevent unexpected repairs that could sideline your boat for the season. Schedule your winter or off-season maintenance at SYS Boatyard.

## ASSISTANCE

Our mobile workshop and dedicated team are on standby to assist you wherever you may be. Many of our clients participating in various races benefit from our support during events throughout the Mediterranean. We have partnerships with other marinas worldwide, enabling us to organize maintenance or repairs abroad, mobilizing our team when necessary.

## CUSTOM STORAGE CONTAINER

We design custom containers in 20' and 40' sizes to meet any specific need, whether for storage, transport, or specialized support during regattas and voyages. Each container can be fully customized as a mobile workshop, dedicated storage unit, or tailored logistical solution to provide technical and logistical support wherever needed.

IF YOU NEED  
ASSISTANCE OR  
ARE CONSIDERING  
A REFIT, REQUEST  
AN ONBOARD  
VISIT, AND OUR  
DEDICATED TEAM  
WILL BE HAPPY TO  
TRAVEL ANYWHERE  
TO MEET YOUR  
NEEDS.

# CORE VALUES

## MEET BUDGET AND DEADLINES

Understanding the time constraints faced by captains and owners, one of our main priorities is to adhere to the agreed budget and delivery timelines. Our approach ensures that customers can monitor project progress, costs, and schedules, avoiding last-minute expenses or delays. Successful projects begin with a clear definition of the job scope and task breakdown, fostering a professional relationship between the Project Manager and the client from the outset, along with regular follow-up meetings throughout the process. Our transparency policy enables clients to stay informed about project developments, costs, and timing.

## DEDICATED PROJECT MANAGERS

A dedicated Project Manager will enhance project execution, serving as the primary point of contact. The PM will:

- Assist in defining the work scope and identifying suitable technical solutions.
- Provide necessary specifications and/or drawings.
- Create a project timeline.
- Oversee project execution by managing resources, materials, and scheduling.
- Deliver information, including reports and updates to the owner or their representative.

## SPECIALIZATION

SYS Boatyard boasts extensive technical expertise in sailing yachts ranging from 60ft to 175ft. We offer a comprehensive array of yacht services, specializing in rigging, hydraulics, craftsmanship, and custom design, ensuring high-quality standards with meticulous attention to detail and finishes.

## FACILITIES

Recognizing that the needs of boats and crews vary during their stay, SYS Boatyard is committed to providing adaptive and flexible facilities. Our unique boatyard environment prioritizes cleanliness, organization, and equipment, ensuring you feel more at home than in a marina. Our dedicated staff contributes to a comfortable and friendly atmosphere throughout your stay. SYS Boatyard is also committed to environmental sustainability, actively implementing measures for pollution control and recycling.

## IN-HOUSE TEAM

The SYS Boatyard team will care for your vessel like no one else. Our core team includes highly skilled technicians, such as riggers, painters, carpenters, shipwrights, hydraulic specialists, electricians, and mechanics, alongside project managers and naval architects. SYS Boatyard's staff will manage all aspects of your boat's needs: berth, supplies, hard-standing, lifting, storage, and repairs.

## **PARTNERS AND SUBCONTRACTORS**

In collaboration with trusted subcontractors, SYS Boatyard offers premier services in painting, welding, fabrication, HVAC, and electronics. Our partners, based in-house, deliver specialized services and expertise to complete specific tasks, working closely with SYS Boatyard while sharing the same values and commitment to our clients. To ensure quality, we maintain a list of approved subcontractors available for any additional work required.

## **CUSTOMER CARE DEPARTMENT**

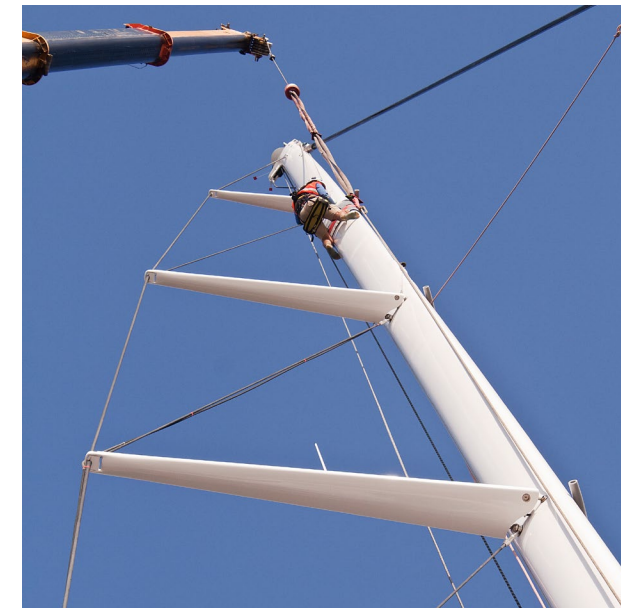

Boating is just one aspect of your experience. Our dedicated customer care department is here to facilitate your stay, assisting with material shipping, bookings, accommodations, taxi services, and more.

# SKILLS & OWN TEAM

Our highly dedicated team of skilled professionals is focused on meeting customer needs with passion, commitment, and quality.

- Rigging
- Fittings & Deck Hardware
- Welding and Fabrication
- Joinery, Carpentry & Teak Deck

## NAUTOR SWAN GLOBAL SERVICE

The Global Service team, with good knowledge of the Swan line and working closely with all the departments in Finland to assist Swan owners with any request, has the best understanding of the technical specifications and requirements of your Swan. The team of experts provides quality workmanship, which is fully guaranteed. Whatever the age or condition of your Swan, if you are planning service, upgrade, refit or repair work, the Global Service team will guarantee to the owner the same service and attention to detail as when the boat was built.

From technical queries and spare parts to the most complex refit, the team will ensure the maintenance of Swan yachts meets the highest standards. Repairs and refit could be certified by the Global Service department.

Keeping the Swan under the Global Service program assures the refit and repair certificates that add value to the boat. Having four different locations in the Med, Badalona, Palma de Mallorca, Villefranche and Scarlino, as well in Finland, provides more flexibility to be able to satisfy any crew and owner's needs.

## NAUTOR SWAN GLOBAL SERVICE

Proper certified maintenance will prolong the the life of your yacht, maximise the pleasure of your ownership and enhance her long-term value. Our maintenance program will always ensure she will be fully ready for each season and provide reliable service and enjoyment wherever your cruising takes you.

## REFIT

Nautor Swan Global Service offers personalized project analysis based on each Swan owner's needs. The team has managed and delivered a large number of refit projects of various magnitude and complexity and it is this experience, coupled with Nautor's exclusive product knowledge, that make the service truly unique.

## YACHT CARE & GUARDIANAGE

From yacht cleaning to onboard provisioning, carrying out general maintenance and yacht care - Owners will only need to think about their next anchorage.

## RACING ASSISTANCE

Nautor Swan Global Service is present at the most iconic regattas around the world available to assist preparing your yacht to maximise her potential and to provide ongoing support and service during the event. For the ClubSwan OD fleet, a special race preparation program and dedicated team is available.

## SPARE PARTS SUPPLY

Nautor, maintains a complete inventory of approved spare parts which are required for every day maintenance of your Swan, as well as most custom components that Swan owners will not find elsewhere. No matter where you are in the world, Nautor's Swan Global Service will coordinate delivery and installation if you need it.

## TECHNICAL CONSULTANCY, SURVEYS AND CERTIFICATES

Nautor maintains an extensive library of original drawings, specifications, records and samples for each boat built to date. The team is ready to provide technical consultancy for any upgrade or modification needed, taking advantage of the know-how and workmanship based in Finland..

## RESTORATION

Nautor is proud of its legacy supporting the restoration of cherished classic Swans.

## WORLD WIDE ASSISTANCE

Through the regional Nautor Swan Authorized Service Centres located in key yachting hubs and also with a dedicated mobile team available to travel to your boat, Nautor Swan Global Service is ready to service your Swan in any part of the world.
